

2' X 4' SLATWALL PANELS

Want to offer more options for your customer's storage and organization solutions? We have one for you - our slatwall panels offers a simple solution to organizing the garage, home office, laundry room and storage areas. The easy to install 2' x 4' slatwall panels can store any number of items utilizing slatwall hooks, shelves or baskets.

Installing slatwall panels really is easy for your customer, with some screws, a drill and level they can have new storage solution in no time. Customers receive a two pack of 2' x 4' panels with half lap grooves on each end that can be installed in two different configurations whichever suits their needs. A number of standard colors are available in addition to our new Mossy Oak® Break-Up Infinity® pattern, perfect for a garage or man cave.
